

These precious animals are in Aruba - waiting for their forever homes!!

We cannot guarantee the breed or full-grown adult size of our rescue dogs. Because they are often rescued from the street or the kill cage before being put into foster care, we do not know exact background and only list breed and size by our best knowledge.

Follow us on Facebook to see additional heart-warming rescue and adoption stories.
Email info@arf-aruba.com for more information or to meet one of these pups.

Hi there, I'm Harley. I'm very social, great with other dogs, vaccinated, male and cleared for travel. My life got off to a rocky start but I'm ready to find my forever family. Please fill out the application at arf-aruba.com if you'd like to adopt me and please share my photo to help spread the word. Thanks!

Hey there, I'm Aloe. What's up? I'm male, about 3 months old, vaccinated and ready for travel. I'm fun loving (obviously 😄), playful and good with dogs and other cats. If you'd like to adopt me please fill out the application at arf-aruba.com and please share my photo to help spread the word that I need a home. Thanks!

Bon dia! I'm Trusty! I can be quite shy so my rescuers thought the name was appropriate. With time and patience I am slowly warming up to the idea that humans can provide me with the same amount of love I want to offer them. I am a medium/large sized dog, probably a few years old and would love a home with room to run and play. If you or anyone you know thinks I would be a good addition to your family please contact ARF. And please share my photo with your friends, I would enjoy a home to call my own. Thank you! xo

Hey there, I'm Wuzzy and I need a home. I am male and about 3 months old. Would you like to be my family? Please fill out an application at arf-aruba.com and share my photo to help spread the word. Thanks!

Hi everyone! I'm Hank! You've met my brothers Hunter and Harley (still also available for adoption by the way). I am quite the sweetheart after I've warmed up to you. I am at a very busy foster house, which I am forever grateful for, but I would flourish in a home with more individualized attention. I'm about 12 weeks old, almost 20 pounds and love everything about playing. If you'd like to adopt me please fill out the application at arf-aruba.com and please share my photo to help spread the word. Thanks!

JOEY

Hi there! I'm Joey! You have seen my picture before but ARF came back out to visit me in boarding to try to get an updated shot. I am quite friendly and happy to play so they say getting a good shot of me is hard. I am fully recovered from the pelvic issues I had when the ARF volunteers found me. And even though I have a playful spirit I do get tired quickly due to my previous injuries. I would really like to get out of boarding and find a family of my very own. I am about a year old male. If you'd like to adopt me please fill out the application at arf-aruba.com. Thanks!
